Anuj Sharma

I'm a Blockchain Technology Expert

- -

An accomplished Senior Technology Executive and a Serial Entrepreneur. Worked 8+ years with top MNCs like GE and Sapient at various developer and team lead positions in the beginning of my career. Started my entrepreneurial journey by co-founding Pipxa Inc, a SAAS product company in 2010. As the CTO and Director of Pixpa, I designed and developed a cloud based portfolio management system. Founded another company Xtylish Digital in 2018 to provide tech consultancy to top fashion brands. But, Blockchain development and technology consultancy is my favourite gig now.

Birthday: 10 Jan 1980   **Age:** 42

Phone: +91 98183 42735   **Email:** contact@anujkrsharma.com

City: Dehradun, UK, India   **Website:** https://anujkrsharma.com

Experience: 20+ Years   **Freelance:** Available

I've been playing around the web for more than 20 years now, trying to do things I can feel proud of. I started my career as a web application developer and have since worked on many different technologies like lamp / javascript / full-stack / cdn / database design / api development / cloud systems / aws management / server security / ai & ml / blockchain etc. I love my work and I like to take on exciting projects. I enjoy solving problems and making great ideas happen.

SKILLS

Living, learning, & leveling up one day at a time.

BLOCKCHAIN DEVELOPMENT   **85%**

DATABASE DESIGN	85%
WEBAPPS AND BACKEND DEVELOPMENT	90%
CLOUD ADMINISTRATION	85%
UX AND FRONTEND DEVELOPMENT	90%
CLOUD AI / ML INTEGRATION	90%

RESUME

Since beginning of my journey as a freelance developer nearly 12 years ago, I've done remote work for agencies, consulted for startups, and collaborated with talented people to create digital products for both business and consumer use.

Summary

Innovative and quality-driven System Designer with 20+ years of experience designing and developing user and business centered web applications from initial concept to final, polished deliverable.

Education

DIPLOMA IN WEB & E-COMMERCE TECHNOLOGY

1 year course, completed on October 1998. It was basically a foundation course, by which I acquired the following skill-set - MS Dos, MS Windows, MS Office, SDLC, programming in C and Foxpro DB for Windows.

Professional Experience

FOUNDER & CEO, XTYLISH DIGITAL

2018 - Present

New Delhi, IN

- Manage team and provide counsel on all aspects of the project.
- Supervise the development of all project work in order to ensure quality and on-time delivery.

TECHNOLOGY CONSULTANT, TCNS CLOTHING

2014 - 2018

New Delhi, IN

- Design and develop business critical apps and drive system automation across all departments.
- Manage cloud network and deploy and maintain cloud systems and cloud storage across multiple providers.

CO-FOUNDER & CTO, PIXPA INC

2010 - 2014

New Delhi, IN

- Pixpa being a technology SAAS project, managing core team, designing server infrastructure, database design and cloud management was all part of my responsibilities.
- But selecting the right technology, designing the application architecture, monitoring development team and integrating various support applications into Pixpa was my main job.
